

SECRET

Copy 4 of 6

7 March 1956

MEMORANDUM FOR: Project Contracting Officer

SUBJECT: Documentation of

1. Pursuant to our conversations of the previous week with [redacted] of IAC of Lockheed Aircraft Corporation. I met with [redacted] and the subject, along with [redacted] to discuss [redacted] documentation as a Lockheed employee.

2. For the record, you will recall that the purpose of this documentation was to enable the subject to apply for two mortgages on a house which he is buying in Oklahoma. At our meeting with [redacted] the subject produced the application forms already filled out in part by him which he turned over to [redacted] I subsequently learned that these had been executed by IAC and forwarded to the mortgage companies.

3. The agreement made his employment retroactive to the 18th of January with a salary of \$750 per month. The financial details of this transaction were discussed between [redacted] at Headquarters this past week, and I believe [redacted] is writing a detailed Memorandum for the Record on the procedure of payment of such funds. It was privately understood that the duration of this "employment" would not exceed 120 days (from 18 January) and that the subject would continue to receive his pay in the normal way.

4. No difficulties are foreseen and I believe that through your efforts and those of [redacted] this case was successfully accomplished.

**Assistant Administrative Officer
